FlavorIQ™ Culinary Themes Transform Alternative Proteins Into “The Perfect Bite”

As a dynamic approach to innovation, Griffith Foods utilizes FlavorIQ™ each year to identify emerging global culinary themes.

We start by casting a wide net, utilizing trusted research methods to identify culinary themes and flavors on a global level. Armed with this impactful proprietary research, we can pinpoint consumer needs, business demands, and market opportunities in the coming years.

FlavorIQ™ identified 6 culinary themes for 2024:

- The Fermented Future
- Pocket Food Perfection
- Rooting For Vegetables
- Taste The Plate: South America
- Sipping On Inspiration
- Unstoppable Umami

For each theme, our chefs have created Alternative Protein concepts to inspire your next top-selling item!
