## lotus® PRO High Capacity Dispenser

Category Code: O1

NSF Registration No. 152236

**This device is acceptable for use as an ozone generating device providing sanitation and disinfection to hard, inanimate, pre-cleaned surfaces, in and around food processing areas (O1). A potable water rinse is not required following the use of this device on previously cleaned hard surfaces provided that the surfaces are adequately drained before contact with food. The device must only be used in a manner consistent with manufacturer's labeling and use instructions.**

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ ([www.nsfwhitebook.org](http://www.nsfwhitebook.org)).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.
